Professional Summary

Finance professional with about 15 years of experience across financial operations management and auditing. MBA from The University of Edinburgh and ACA (Chartered Accountant) from ICAI. Led finance teams of up to 13 members, managing end-to-end accounting including payroll, pensions, financial reporting, budgeting, forecasting, and cash flow management. Successfully delivered significant cost reductions (25-35%), working capital improvements (15-40%), and fraud prevention through internal controls. Current role involves SOX-aligned audits providing expertise in risk assessment, internal controls, and compliance frameworks. Experience spans subscription-based SaaS, cash-intensive retail, and multinational operations with strong knowledge of GDPR, US GAAP, and statutory compliance.
